The VHB is seeking the submission of high-quality articles for BuR – Business Research, a peer-reviewed open access journal for business research. The electronic format of the journal allows interactive content and reader involvement not possible in a printed journal, such as immediate electronic access to data sets, software, Java applications, interactive graphics, multimedia applications, hyperlinks, and full-text searches. Downloads of full issues of the journal and single articles are free of charge. Its open access design facilitates the rapid worldwide dissemination of the latest research. We guarantee a fast-track review process whereby each author who submits an article will receive a decision letter within 10 weeks; after two rounds of review the articles will be either accepted or rejected.

Please submit your best work to BuR – Business Research.
